REISSUE APPLICATION DECLARATION AND POWER OF ATTORNEY  
(BY INVENTOR(S) OR ASSIGNEE)

ADDED PAGE

As the below named inventor, I hereby declare: my residence, post office address and citizenship are as stated below next to my name; and I believe I am the original, first and sole inventor of the invention which is described and claimed in U.S. Patent 5,785,021 entitled HYDRAULICALLY ACTUATED ELECTRONIC FUEL INJECTION SYSTEM that issued July 28, 1998, and in the reissue application thereof the specification of which is attached hereto.

I hereby state that I have reviewed and understand the contents of the above-identified specification, including the claims, as amended by any amendment referred to above. I acknowledge the duty to disclose information which is material to the examination of this application in accordance with Title 37, Code of Federal Regulations, §1.56.

I believe that my original patent is partly inoperative or invalid for the reason that I claimed less than I had a right to claim in the patent.

Specifically, the patent was based upon Application No. PCT/AU95/00073. That PCT Application, as originally filed with the U.S. Patent and Trademark Office included 14 claims. However, Claim 14, a method claim, appears to have never been considered by the patent office. Furthermore, on November 12, 1996 a Supplemental Preliminary Amendment was filed that added new Claims 19-21. Those claims were subsequently allowed and renumber Claims 16-18 but were not printed as part of the patent. The amended Claim 14 and unpublished Claims 16-18 have been added to the present application as Claims 16-19.

Claim 3 has been amended to delete the multiple dependencies that should have been originally removed as a result of the Supplemental Preliminary Amendment filed November 12, 1996. Initially, Claims 5 and 11 have been amended to more clearly disclose and claim the invention.

I further declare that the aforementioned error occurred without any deceptive intention on my part and that all statements made herein of my own knowledge are true and that the statements are made with the knowledge that willful false statements and the like so made are punishable by fine, imprisonment or both under Section 1001 under Title 18 of the United States Code and such willful false statements may jeopardize the validity of the application or any patent issuing thereon.

Therefore, I pray that I be allowed and I hereby offer to surrender the original United States Letters Patent No. 5,785,021 for HYDRAULICALLY ACTUATED ELECTRONIC FUEL INJECTION SYSTEM and that the Letters Patent may be reissued to claim and protect all that I was entitled to claim.
